

T&T Handbook **Review** Patches and Pins

Handbook review patches awarded to clubbers who recite all answers and verses in one sitting. One book = 32 answers, verses, two books = 64, three books = 96, four books = 128.

Clubbers who complete all Gold sections in their book will automatically earn the book review patch. The last Gold section of each book requires clubbers to say all 32 answers and verses

Be aware that a clubber's recitation may require more than the time allotted in a regular small group setting. You may want to schedule time before or after club to accommodate your clubbers.

The two helps rule applies. A clubber who is attempting to review entire handbooks in one sitting is tackling a very difficult achievement and should be challenged to do the best possible job. However, you may want to offer some leeway with minor words or articles, such as "a", "and" or "the".
