

Club for fifth and sixth grades: walking in a relationship with Christ!

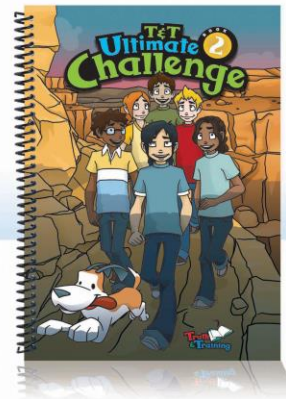

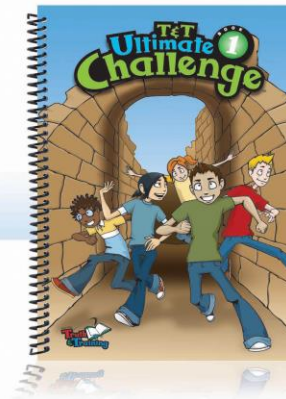

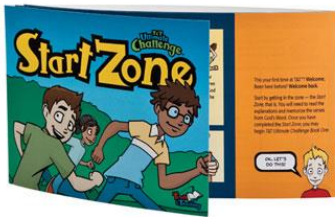

Today, kids in these tween years (10-12) face cultural pressures, time demands and digital distractions. Never has the world been more successful in pulling them away from faith in God's Word.

Truth & Training Ultimate Challenge club has different handbooks, uniforms and awards than Ultimate Adventure which are designed to develop an identity for fifth- and sixth-graders that promotes stronger commitment, community and growth in the club. The T&T Ultimate Challenge™ helps tweens bridge the gap between children's ministry and youth ministry.

Challengers will grow in knowledge of God and His Word, His Son and the Holy Spirit (Truth). Then they will apply what they learn to relationships in family and friendship, resulting in spiritual growth and a deeper appreciation for their destiny in the Lord – His reason for making them and what He has planned for their lives (Training).
